EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: In claim 23, line 4; claim 24, line 2, and claim 27, line 3, "the marine" has been changed to --a marine--.

The above changes have been made to avoid a lack of antecedent for the term "the marine".

2. The following is an examiner's statement of reasons for allowance:

The prior art does not disclose a device for emitting exhaust gases from an internal combustion engine in a submarine into the surrounding water including a reduced-pressure chamber to mix the exhaust gases, and a water flow taken from the surrounding water and produced in a pump device, with one another in a reduced-pressure field produced by a reduction in the cross-sectional area of the water flow before mixing, the reduction in the cross-sectional area creating an accelerated water flow in the form of a hollow cylinder, generally as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Claims 1-12, 16, 17, 22-27, 32, and 33 are allowed.
